Got beat up at council last night for "fear mongering". Not sure what people read or saw. Anyway, no more interviews for awhile. Gonna just shove "em off to the rcmp. Take care out there.

Enter

I heard. I don't think it was out of line warning people. You couldn't know how this would all go at the time. I read the letter before we came out and I wasn't really offended. Just happy to prove it wrong

Yeah as you know reading comprehension is not strong for a lot of people. I'm a big boy I can take it. You guys know how to keep things working and available here in the Village. That's all I need.

Hey Jim I heard you are having a meeting with  Do you know those guys at all

Enter

You sent

Im not involved in that meeting, and no I don't know them other than I had a brief message with  a few days ago.

Enter

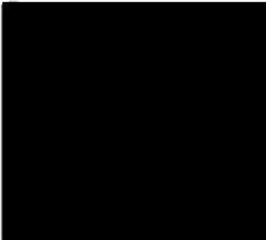

Ok. Just had some folks mention it to me that they had a meeting with the mayor of milkriver sand Coutts. Those guys seem to always be trying to stir up trouble. Apparently they were at the church in milk river on Sunday kind of mildly harassing some folks that support us here. Just wanted to give some heads up if that were the case.

[REDACTED] Had some protestors staying at her place. Was common law of Trucker [REDACTED] for ~10 years. They split up 2-3 years ago.
